The Future of Home Comfort Is Here

Models: 37MPRAQ, 37MAHAQ, 37MBHAQ, 37MGHAQ

featuring

Puron
ADVANCE™

Why Are So Many Homeowners Going Ductless?

Whether you're adding an extra room or converting an attic into a living space, you want your home renovation to be as comfortable as possible. Ductless systems deliver ultra-quiet and efficient comfort for practically

any space and style. They also help eliminate hot and cold spots, making them ideal for garages, sunrooms, attics, additions and more.

At Carrier, we know purchasing a new heating or cooling system is a big investment. Take ownership in helping protect your investment. Carrier is excited to offer you a Consumer Choice Warranty option. All Carrier Ductless Infinity Systems come with the option to select the warranty of your choice. Dealer participation is required.¹

ENVIRONMENT

With Puron Advance™, Carrier® proudly continues our century-plus commitment to environmental stewardship. It's a refrigerant that delivers a 75% decrease in global warming potential while maintaining the non-ozone depleting properties of original Puron.

INVERTER COMFORT TECHNOLOGY

Carrier ductless systems continually adjust the compressor speed as conditions change—for consistent comfort with lower energy usage. Plus, enjoy year-round comfort with a system that offers dependable performance in temperatures from -22° F to 122° F.

EFFICIENCY

With SEER2 ratings up to 35.1 and HSPF2 ratings up to 30.0, all our Infinity® Systems are ENERGY STAR® certified. Take advantage of added energy-saving features like eco mode to cut energy costs up to 60%—without compromising on comfort.

AIR QUALITY

Every Carrier ductless unit has built-in reusable, washable air filters to capture airborne pollutants and allergens right in the room. Plus, the Infinity System comes equipped with relative humidity sensors—for customized humidity control in 5% increments, so there's always the right amount of moisture in the air.

PERSONALIZED COMFORT

Connect up to five indoor units to a single outdoor unit—to deliver individualized temperature control in every room of your home. Once you decide what temperature you'd like a specific zone (or room) to be, the system will quietly maintain that temperature.

CONVENIENT CONTROLS AND FEATURES

Carrier Infinity System ductless units are the gold standard in home comfort, offering features like I-clean, active cleaning and Intelligent Eye, an occupancy sensor that can tell when you're in the room and direct fresh air your way.

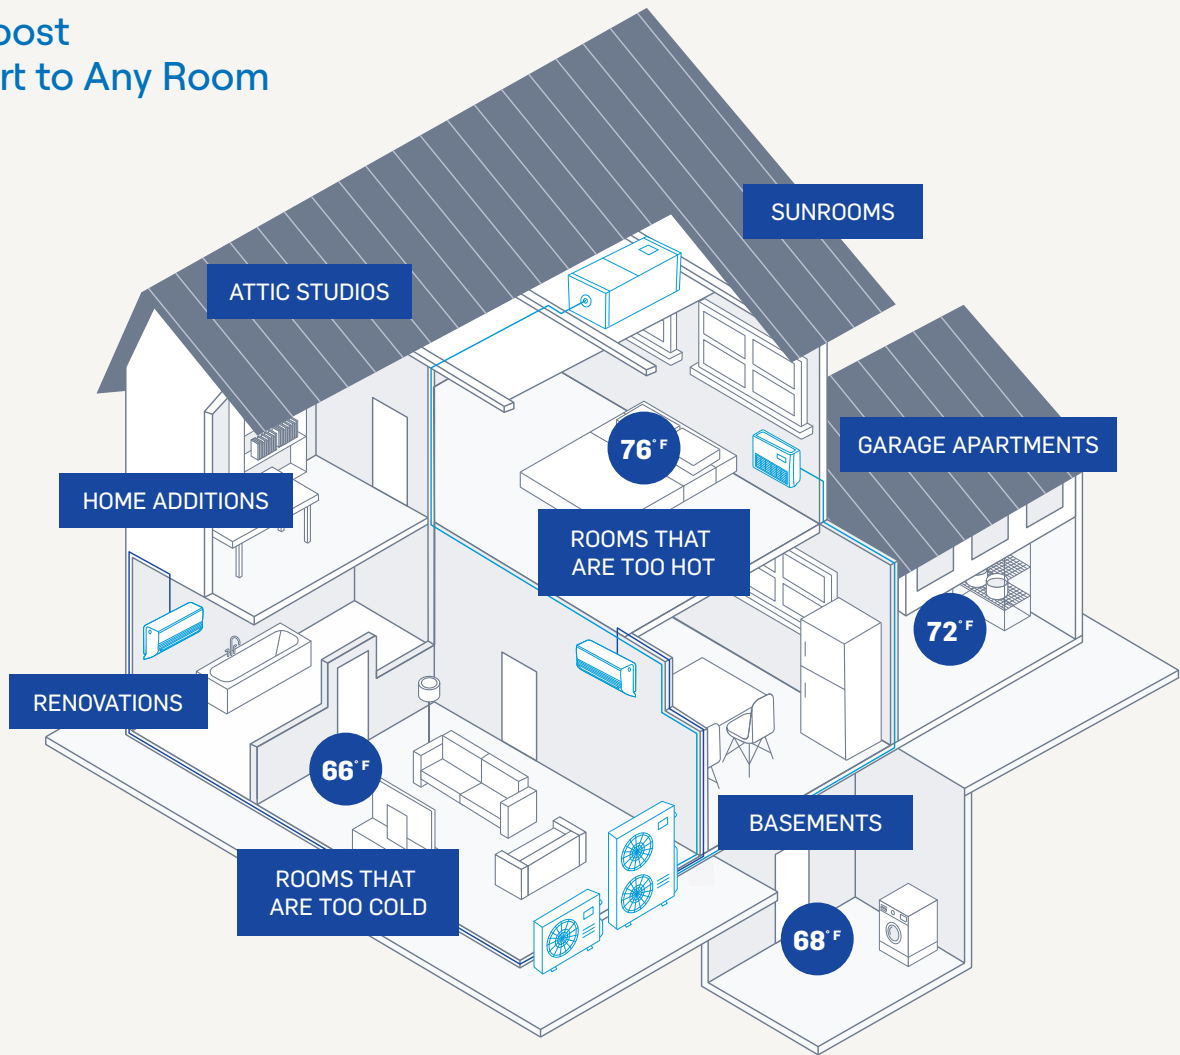

CARRIER CONSUMER CHOICE WARRANTY

Upon timely registration, on eligible equipment, select either a 10-year parts-only limited warranty or a 5-year parts + 3-year labor limited warranty.¹

¹ Upon timely registration, on eligible equipment select either a 10-year parts only limited warranty or a five-year parts + three-year labor limited warranty. Dealer participation required. See limited warranty certificate at carrier.com for complete details and restrictions.
